12. Why Caneware?

Caneware products easily compost
in 90 days and used to grow more
plants

Sugarcane grows abundantly in India
and used worldwide

Sugarcane Juice is used for
making sugar and medicines.

We get sugarcane husk
as a byproduct.

Bagasse, the processed sugarcane
husk, is used to create caneware
products.

Sugarcane husk (Bagasse) is
Mould Press for making high quality
tableware.
